

Class Name		Required or Elective	Credits	Course of study	Grade
Advanced Comprehensive English	総合英語発展	Elective	4	Global Communication	2
Text (Publisher)	To Be Determined		Other Materials	Various graded readers	

1) Goals

After you finish this class
✓ You will be able to read English faster and understand more
✓ You will have a larger English vocabulary
✓ You will be able to think critically and ask questions about what you read
✓ You will be able to listen and understand native English more clearly and fluently
✓ You will be able to express your thoughts through speaking and writing

2) Class Overview

This class will use all 4 English skills, but will focus on output. You will learn how to express your ideas to others by speaking, and understand others better by listening. You will learn how to read to understand and enjoy.
--

3) Methods of Study

Some activities in this class will be in pairs and groups. You will be working with many different members of class, both boys and girls.
It is important to work together positively with all the members of the class. It is not necessary for you to be friends with all your partners and group members, but it is necessary for you to be friendly with them.
You will have to complete some homework to help review topics you have studied or the prepare for future topics that will be studied during class.

4) Evaluation
